

THE ALL NEW Klever H/T₂ KR600

Kenda recognizes the need for a versatile and value-priced light truck tire for highway driving. We developed the Klever H/T₂ at the new Kenda American Technical Center in Green, Ohio to provide a great ride with strong wet and snow performance for the LT segment. Advanced modeling and compounding provide the Klever H/T₂ with the durability for a 50,000 mileage warranty for LTR sizes and a 60,000 mileage warranty for P-metric.

Designed for Your Journey

Kenda Klever H/T₂ Performance Results

Disclaimer: Indexed tests results shown were conducted on LT265/70R17 via 3rd Party Sheldon Avenue Engineering.

Computer optimized footprint for excellent wear and handling under multiple load conditions.

Strong shoulder blocks enhance handling and cornering stability.

Snow sipes and increased lateral groove densities improve traction performance, and driving stability in wet and snow conditions.

Wide circumferential groove widths improves hydroplaning & wet traction.

AVAILABLE SIZES
