

# Introducing a Revolutionary New Size KLEVER A/T [KR28]

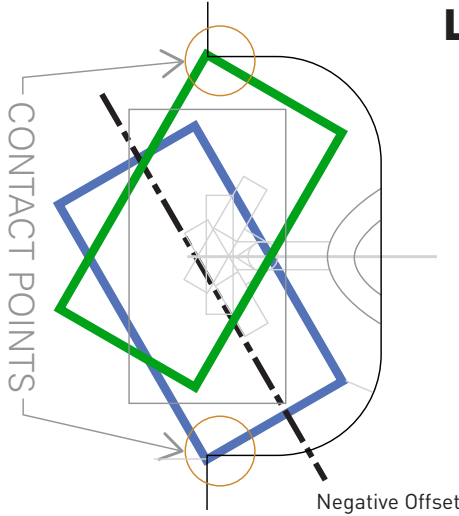

## LT275/80R18

**KENDA IS ADDRESSING A SEGMENT OF THE TIRE TRUCK MARKET IN A WHOLE NEW WAY!**

Do you want to increase your ground clearance and off-road performance without investing in aftermarket wheels and a full suspension upgrade? We've developed the Kenda Klever A/T LT275/80R18 (35X11.00X18) to offer a significant boost in ground clearance while still fitting on your stock rim.

**Great for:** off-road enthusiasts, hunters, contractors, farmers

# LT275/80R18 is 35x11.00x18

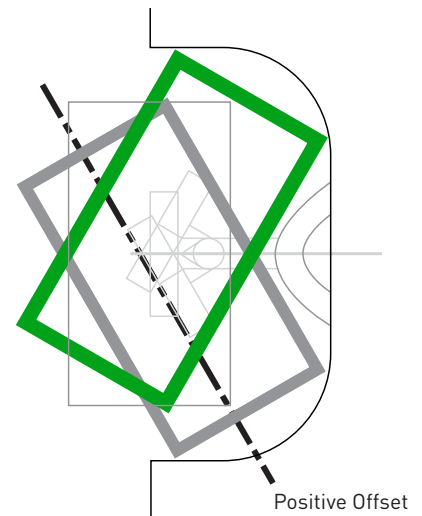

## FEATURES

- Narrow Tread Width
- Larger Than Stock Diameter
- 3-Ply Sidewall
- Next-Gen Materials
- Advanced Computer Flow Modeled Tread

## BENEFITS

- Fit Your Stock Wheels
- Increased Ground Clearance
- Resists Sidewall Punctures
- Stronger & Lighter
- Increased Traction In All Conditions

## Their Way

Average installed price for suspension system .... \$3200.00
